

Living with Dementia: Identity and Goal Setting

Everyone—from the person with the disease, the care partner, to family and friends—is affected by this disease and struggles to find their identity once a diagnosis is made. Maintaining a sense of self and purpose is important as you adapt to this new normal.

Come listen to Kelley Horton as she provides guidance on this new journey to not just survive but thrive.

Light dinner will be served.

Tuesday
February 19, 2019
6-7:30 PM
