Our elected government representatives work *under the dome* to provide us with what they perceive we need and want - *to do what is best for us*. People and special interest groups are coming at them from every direction all day, every day, to advance their interests.

Colorado Senior Lobby helps to fill gaps on topics of interest to older adults in Colorado. We need the knowledge and experience that comes from *everyday people*

Attending “A Capitol Affair” and joining Colorado Senior Lobby is a first step in being part of the conversation under the dome.

STAY TUNED for details about ...

**Celebrating
Older Coloradans Day
Spring 2020**

We will review 2020 legislative outcomes impacting older Coloradans, hear from subject matter experts on aging issues, and honor several outstanding individuals.
