A CCLP Virtual Event

Communities Against Poverty

November 19-21, 2020

Join us for a virtual event that will provide insights on issues of food, health care, housing and income -- with an emphasis on racial equity. Titled **Communities Against Poverty**, this informative community celebration of our work will include a keynote speech from **Tony Messenger**, a Pulitzer Prize winning columnist for the St. Louis Post-Dispatch. We'll also bestow honors on four Colorado recipients of the **Champions of Economic Justice Awards**.

Tony Messenger
Pulitzer Prize Winner
