**AGENDA FOR MONDAY'S MEETING**

Per our agreed upon procedures, we will begin with bills to be dropped from our active consideration list. We set a target at the beginning of the session of 20 bills for our active list due to capacity limitations.

We currently have 39 bills on our active list; 25 support or strongly support, 2 oppose, 2 amend, and 10 monitor. We will begin with the bills on this week's committee calendars, then any bills new to our list since last week, then a review of the Long Bill, and we will conclude with any other bills the committee wants to discuss.
